CUBANS ENCOURAGED

Confident of Their Final Triumph Over the Spaniards.

LETTER FROM GENERAL CASTILLO.

What Has Taken Place in the Insurgent Army During the Past Month—Additional Samples of Spanish Rule in Cuba. Tottering Old Men Lashed—Insurgents Approaching Havana.

NEW YORK, July 31.—The Herald prints the following from its correspondent with the insurgent army in Cuba:

I have received the following letter from General Castillo, addressed to the New York Herald: "Our confidence in our final triumph is daily greater. During the last month, with our moderate force, we had 28 combats with the enemy. We have applied explosives to the trains, fought troops on the highways, taken towns and our arms have been victorious everywhere.

"During the same month 23 persons, fully armed, who belonged to the Spanish army, have joined our forces. Counting among the regulars, guerrillas, volunteers and 11 civilians, therefore, I am in position to assure you that our forces are more than ever flourishing and vigorous.

"I was in Matanzas recently and while there I witnessed a scene that reminded me of the stories of the treatment of slaves in Africa. I saw a Spanish inspector of police lash until they bled, feeble, tottering reconcentrados in order to force them to do government work.

"Matanzas is full of starving reconcentrados. Every night some of them die on the steps of the theater or in the portals of the church, and except for private donations they are absolutely helpless. On July 14 a ship arrived with a cargo of tiles to be used for some government purpose. To unload these tiles the police pressed into service a great number of reconcentrados. They were too weak to work, too weak even to drag themselves down to the harbor. Some started to work, but had not strength enough to carry the tiles. Then it was that I saw the police inspector appear with a heavy whip and mercilessly beat women and old men for their inability to work."

The Herald correspondent, with the rebel army, writes that he recently witnessed the blowing up of a train with a body of soldiers while crossing a bridge. This explosion was merely an experiment. From the insurgents' standpoint it was highly successful. The train was wrecked and several soldiers were killed.

APPROACHING HAVANA.

A Small Engagement Within Five Miles of the Capital.

HAVANA, July 31.—The officials here deny the report that an attack was made upon the outposts of Havana on Wednesday night, and declare that there is no panic or unusual excitement in the city. They admit, however, that under cover of darkness on Wednesday night a band of insurgents attacked the outskirts of the town of Mariano, about five miles from Havana, but declare that the attacking force did not use either rapid-fire guns or dynamite.

The garrison, according to the official report of the engagement, made a successful defense, compelling the insurgents to retire with a loss of one killed. The Spanish losses were one volunteer and one resident of the neighborhood killed and one captain and a private wounded.

CAP HATFIELD STILL AT LARGE.

The West Virginia Militia May Be Called Out to Hunt Him.

WILLIAMSON, W. Va., July 31.—Every effort to recapture or even learn the whereabouts of the notorious Cap Hatfield, who, with outside assistance, delivered himself from jail here Wednesday night, has up to this time proved futile. The sheriff has scouts out who are using all diligence to locate the fugitive and a reward has been published for his body, dead or alive. All persons are warned to take no chances when attempting his arrest and the probability is he will never be taken alive.

A requisition will be made on Governor Bradley for Hatfield and his brothers, who were with him at the time of the killing, so that in case they are found in Kentucky, which is only 100 yards from the jail in which they are confined, he may be recaptured.

It is hardly likely they are there, however, as Hatfield is wanted on graver charges there than here.

The general belief is that he is among his kinsmen in the mountains of this county, who will resist every attempt to arrest him. The authorities are determined to have not only "Cap," but Troy and Elias, who were with him at the killing, and unless they fly the country they will be captured, even if the state militia has to be called out.

Died of Thirst and Starvation.

SAN FRANCISCO, July 31.—The mystery that for nearly a year has clouded the fate of Charles Wells and George L. Jones, the two missing members of the Calvert exploring expedition in West Australia, is now cleared up by advices received from Sydney. L. A. Wells, the leader of the search party, recently found the dead bodies of the two men near Joanna Springs in the heart of a desert. The two men missed the trail in November, 1896, and failed to meet the main body of the expedition. They died of thirst and starvation.

REVIEW OF TRADE.

R. O. Dun & Company's Report on the Condition of Business.

NEW YORK, July 31.—R. O. Dun & Company's weekly review of trade says: Dispatches from almost every northern city of importance report without exception improvement in business, and from Detroit to Seattle and Portland splendid crop prospects. The task of adjusting the business and industries of the country to conditions created by a new law has progressed with gratifying rapidity and ease. Even the increasing strength of striking coal miners probably forwards the adoption of the uniformity plan, which promises to remove most of the causes of such struggles. Some confusion is caused by events seemingly contradictory; by closing of large cotton mills when many other works are starting, and by decline in some prices when others are advancing, but the balance is unmistakably on the right side.

The most important event since the passage of the new tariff, which was generally anticipated a week ago, has been the marked increase in foreign demand and advance in price for wheat; the latter has risen 4-8 cents during the week with western receipts for the first time exceeding last year's and western railroads besieged for cars, and with Atlantic exports of 1,135,738 bushels, flour included, for the week and 6,351,158 bushels in four weeks, against 6,917,565 last year. With heavy contracts for shipment, exceeding 1,200,000 bushels in a single day, Liverpool reports of a shipment from America to northern Bohemia, and with French markets excited, speculative sales here have little influence. The fact that corn exports exceed last year's, although the price has advanced to 32.87 cents, is further proof that foreign demands are substantial. With crop news still favorable producers may probably realize something like \$80,000,000 more than last year on wheat, which means a great difference in purchases by agricultural states. Corn also advanced 1-2 cents, and cotton a sixteenth, though reports as to yield are good.

The industrial sky is partly overclouded by coal and iron difficulties and by the closing of some large cotton mills. Having run for months far ahead of consuming demand on cotton bought at comparatively high prices, the mills see ahead a large crop and cheap cotton, and it is but the rational way to halt production, clear off accumulated stocks at the season when vacations are common and begin the new year on its own basis.

The woolen manufacturer answers wholeheartedly and moderately to new tariff conditions and while opening of light weights below about \$1, in cost has met a very encouraging demand, the advance in prices asked is not large. With very heavy stocks of free wool on hand, manufacturers are able, and, in the presence of large stocks of foreign goods are obliged to engage for the next season without advancing prices in proportion to the rise in wool and large contracts of that nature have already been made. Selling of wool at Easton, where the speculation has been most active is suggestive, amounting to 8,848,000 pounds for the week and at the three chief markets to 11,984,500. Sales for four weeks have been 46,109,200 pounds, 22,538,500 being domestic against 7,211,350 in all, last year.

Delay in the iron industry is partly because wages have not been settled in all works, though at many, and partly because steadily rising demand does not yet raise prices. In some products prices are a shade lower, notwithstanding a larger demand, owing to competition between works, but Bessemer is a shade higher. In structural work, plates, sheets and bars for the enormous operations of agricultural implement works the demand increases, and for rolling stock, owing to the abundance of crops.

Failures for the week have been 236 in the United States, against 281 last year, and 23 in Canada, against 40 last year.

LAND OF PROMISE.

Hebrews in All Parts of the World Organizing to Go to Palestine.

NEW YORK, July 31.—A dispatch to The World from London says: The representatives of the Baron Hirsch charities here seem to take very seriously the scheme of Dr. Theodore Hertzl of Vienna for the formation of an independent Jewish state in Palestine. It is said that the Jews are organizing in all parts of the world. The doctor intends first to send an exploring expedition to thoroughly overhaul the land from end to end, and to establish telephones, telegraph and other modern scientific conveniences before opening the territory to general settlement.

To obtain sovereignty over Palestine, he says, will be easy, as the Turks will be glad to let it go. He points to his decoration by the Turkish government as evidence that it thinks favorably of his scheme. If Turkey should refuse to give Palestine up he says the Ottoman empire surely can obtain and then a Jewish power divide up Palestine when the powers divide up Turkish territory. If it proves impossible to get Palestine he will turn to Argentina.

To confer on this point a congress will be held at Basle, Aug. 29. The doctor says there is no doubt that the congress will be the redeemer of the Hebrews. There is no intention to follow low socialistic lines. He proposes a limited monarchy like that of Great Britain. The capital of the Jewish company is to be \$250,000,000.

McKinley's Uncle Gets a Job.

SAN FRANCISCO, July 31.—B. F. McKinley, uncle of President McKinley, has been appointed as assistant postmaster of this city by Postmaster Montague.

ON HIS WIFE'S GRAVE

A Despondent Widower Ends His Existence.

PUTS A BULLET IN HIS BRAIN.

The Tragedy Enacted on the Anniversary of His Wedding—Desperate Fight in the Penitentiary—Difference With a Union Causes a Shutdown—Farmer's Wife Hangs Herself—Other State News.

DEGRAFF, O., July 31.—Last night Frank Wright was found lying dead on his wife's grave with a bullet in his brain. Wright was formerly a resident of Springfield, but lately lived in New York. Sixteen years ago last evening he married Miss Jennie Hamer.

Eleven years after the happy wedding, the wife suddenly died, and for the past five years, until the awful deed of last night, the grief-stricken husband had continually pined over his loss. He was a son of the late Colonel Thomas Wright. The deed was premeditated. Wright on the day before having deeded his farm to his mother.

Fight in the Penitentiary.

COLUMBUS, O., July 31.—Thomas Hale, a Cincinnati colored prisoner serving a life sentence in the penitentiary since 1893 for rape, became obstreperous yesterday and assaulted Harry Riggle, a Lawrence county prisoner, with a pair of scissors and a nail. Several prisoners and guards became involved in the affair, and a free-for-all fight ensued, in which Hale was worsted. He is now in the hospital with several bad cuts on his head.

Disagreed With the Union.

GALLON, O., July 31.—The Bora Range company have paid all their employees in full and the plant has shut down indefinitely. This is the result of a disagreement between the firm and the molders' union. It seems the firm discharged one of the molders, to which the union employees took exception. The Bora people have given their employees to understand that they will conduct their own business regardless of dictation from the union.

A Farmer Suffering From Hydrophobia.

CADIZ, O., July 31.—A few days ago Frank Beckett, a farmer living near Cadiz, had his horse and cow bitten by a mad dog. While killing them he got some saliva from the horse's mouth on his hand, and has since had all symptoms of hydrophobia. Dr. S. B. McGowan, member of the Ohio state medical board, will take Beckett to the Pasteur institute, Chicago, where he will be carefully treated.

Hung Herself to a Plum Tree.

WINCHESTER, O., July 31.—Mrs. Julia Reed, aged 40, wife of John Reed, the well known farmer and stock dealer two miles south of here, arose from her bed some time during the night and hanged herself. She was not missed until daylight, when her dead body was found hanging to a small plum tree near the house. She was in good health and spirits upon retiring and no cause is assigned.

CYCLONE IN ILLINOIS.

Seven People Killed Outright and Three Others Injured.

BLOOMINGTON, Ill., July 31.—A special from San Jose, Ill., 33 miles west of here on the Jacksonville division of the Chicago and Alton railroad, gives meager particulars of a tornado that struck there yesterday evening at 7 o'clock. It passed through the farm of A. C. McDowell, two and a quarter miles north of that town, completely destroying the house and barn.

Seven persons were killed. They are A. C. McDowell and his grandson, the wife of Samuel Brownlee and three of the Brownlee children, and Miss Jessie Groves, a neighbor who was spending the day at McDowell's.

Mrs. A. C. McDowell and her son Charles were seriously injured. Miss Mary McDowell was slightly hurt. The storm came directly from the north and entirely destroyed the McDowell house, barn and walnut grove. It then rose and went over the town of San Jose.

At Mason City, lightning struck the spire of the Presbyterian church and set it on fire.

OVERRUN WITH TRAMPS.

Madison County (Ind.) Farmers Are Suffering From Them.

ELWOOD, Ind., July 31.—Numerous robberies are occurring along the Panhandle railroad, between Florida and Elwood, and farmers are complaining to the authorities, asking protection. The robbers are covering a scope of territory one mile wide on each side of the railroad, and few farmers have escaped. In many cases farmers have lost all their provisions, and protection has become a serious question with them.

Hundreds of tramps are living along the railroads, and, being kept out of the cities by the authorities, are making their living off the farmers. In some sections of the county farmers have employed some of their own number as guardsmen, and they have been endowed with police powers.

Colored Man Turning White.

GHAFTON, W. Va., July 31.—James Carpenter, colored, living near Charleston, is gradually turning white. He will be examined by a medical association in Hagerstown.

PENSION RULES CHANGED.

The Object Being to Prevent the Defeat of Claims by Mere Technicalities.

WASHINGTON, July 31.—A thorough revision of the rules governing the adjudication of pension claims under the second section of the act of June 27, 1890, has been made by Assistant Secretary of the Interior Webster Davis, and sweeping modifications in the present practices are the result.

The changes are embodied in instructions to the commissioner of pensions, in which it is stated that representations were made that the present rules render the administration of the law difficult and embarrassing. The new code, it is said, will furnish a safe, speedy and uniform system of adjudicating this large class of cases. Assistant Secretary Davis holds that the very nature of pension cases forbids the application of the strictness and technicality of court proceedings and that it was not congress' intention to hedge the administration of these laws with the difficulties and pitfalls of any system of special pleading whose technicalities and refinements may tend to a practical defeat of the government's benevolent purposes.

The modifications are made in six rules, and former rules and decisions in conflict with them are set aside. The most important change is made in the following rule: 1. Every application for pension under the second section of the act of June 27, 1890, should state that the same is made under said act, the dates of enlistment and discharge, the name or nature of the diseases, wounds, or injuries by which the claimant is disabled, and that they are not due to vicious habits, provided, however, that the omission of any of these averments shall not invalidate the application (the intent to claim pension being manifest and the declaration being executed in accordance with law), but such application shall be subject to amendment by means of a supplemental affidavit, in the particulars wherein it is defective, said supplemental affidavit or affidavits to be read in connection with and as a part of the application itself; and, provided further that a declaration in the terms of the act shall be sufficient.

Rules 2, 3, 5 and 6, the last two relating to vicious habits and increase claims, are largely reiterations of present practices. Rule 4 makes essential modifications and is as follows:

Should a wound, injury or disease not specified in the original or amendatory declaration, but discovered on medical examination, be shown to have existed at the time when the original declaration was filed and it is found not to be due to vicious habits, it shall be taken into account, the same as if formally specified in the original application, in estimating the degree of the permanent mental or physical disability to which it contributes.

Should it be found, however, not to have existed at the time when the original application was filed but from a subsequent date prior to medical examination the degree of the disability of the applicant being below the maximum rating, may be increased accordingly from the date when such wound or injury was incurred or disease contracted, provided the degree of disability from all contributory causes is thereby enhanced to a sufficient extent to justify a higher rating.

Should it be found impossible to fix the exact date when such wound or injury was received or disease contracted, the higher rating shall commence from the date of the certificate of medical examination showing its existence.

ALASKA CLIMATE.

Gold Seekers Will Not Meet With a Very Warm Reception.

WASHINGTON, July 31.—The weather bureau, by Secretary Wilson's authority, has issued a special statement about Alaska cold. On the coast the mercury rarely falls below zero. Winter there starts Dec. 1. Snow disappears by the last of May. Sitka is but little colder than Washington, D. C., but in the interior, including Klondyke, the climate is one of extreme rigour. In midwinter the sun rises about 10 a. m. and sets about 2 p. m. It is even then so near the horizon as to be wholly obscured most of the time.

On the Yukon the average temperature for January, 1890, was 17 degrees below zero. The daily mean temperature fell and remained below freezing point from Nov. 4, 1889, to April 21, 1890, thus giving 168 days as the length of the closed season.

The lowest temperature reported was 59 degrees below zero in January, and the greatest continuous cold occurred in February, when the daily mean temperature for five consecutive days was 47 degrees below zero.

The winter has set in as early as September, and snowstorms may be expected in the mountains and passes. Headway during one of these storms is impossible, and whoever is overtaken by one of them is indeed fortunate if he escapes with his life. Snowstorms of great severity may occur in any month from September to May, inclusive.

THEIR VICTORY COMPLETE.

First Reports of the Battle in Brazil Not Exaggerated.

NEW YORK, July 31.—A dispatch to The Herald from Rio Janeiro gives further details of the fight there at Canudos. From these advices it is evident that the first report was not exaggerated, and in fact did not tell the full extent of the fanatic victory.

These later reports state that the government troops lost a large part of their artillery in the battle and that the guns, in good order, are now in possession of the fanatics. Those of the artillerymen who were not killed beside their guns were forced to retreat before the onslaught of the fanatics.

LEGAL PROCEEDINGS.

Another New Movement in the Miners' Strike.

DISBANDING THE ASSEMBLAGES.

Proclamations Posted Up by the Sheriff of Allegheny County Miners Not Alarmed. Miners Quietly Awaiting the Outcome at the Dearth Mines—Active Work Being Done in the Wheeling District.

PITTSBURG, July 31.—Legal proceedings are to be taken against the marching coal miners, unless they disband and go to their homes. This was decided on yesterday afternoon and Sheriff Harvey A. Lowry will be expected to see to it that the assemblages are disbanded. While the marches on the mines of the New York and Cleveland Gas Coal company have not been as effective as the miners' officials could wish, it is evident that the marches are making an impression on the employees of the company. Yesterday there was posted in the vicinity of the Turtle Creek, Sandy Creek and Plum Creek mines a proclamation issued by the sheriff, commanding that all persons shall refrain from assembling or congregating on the public highways or thoroughfares of Allegheny county, or interfering with the peace. All are commanded to retire to their respective homes or place of residence, or be dealt with according to law.

President Patrick Dolan was asked what he thought of the proclamation. He said he did not care how many proclamations were issued, so long as the peace was kept which, he said, it was intended to do. He expressed himself as having no fear.

A meeting was held yesterday which was addressed by District President Patrick Dolan. He said that all labor organizations in the country, with the exception of the Brotherhood of Locomotive Engineers, was with the miners in their strike. He made an attack on this order, saying that, owing to the inroads of the electric railways and other means of rapid transit, the wages of the engineers would drop sooner or later, and then they would be asking assistance from other organizations.

In other portions of the district the strike matters are quiet. The strikers are all awaiting with an anxious interest the result of the Dearth mines.

The owners of the Castle Shannon mine have decided to close their plant until the present differences in the coal trade are adjusted.

IN THE WHEELING DISTRICT.

A Few Men at Work, but Great Efforts Being Made to Get Them Out.

WHEELING, July 31.—The striking miners' organizers in the Wheeling district are making a desperate effort to counteract the effect of the refusal of the men in the two mines of the Boggs Run Coal company to come out, but it is likely that the Boggs Run break will precipitate others. In fact the mine at Moundsville was working yesterday with a small force, and 33 of the 70 men at Elm Grove were at work. All of these desertions are the direct cause of the failure to bring out the Boggs Run men.

Secretary Lewis of the Ohio miners and organizers Anders and Salsburg of the Wheeling district, addressed a meeting in Moundsville yesterday afternoon, where three-fourths of the miners attended. The vote to organize a local union of the mine workers was unanimous. It is claimed the men at Moundsville will stay out notwithstanding the Boggs Run break.

There was a decree in the amount of coal brought out of the Fairmont region yesterday. For the past week the average number of cars going to Baltimore on the Baltimore and Ohio has been 200, but yesterday there was a falling off of one-half of that number.

WASHINGTON, Pa., July 31.—More than 200 more miners marched to Cook & Sons mine at McGovern yesterday, and are now established in Camp Victory. They are from the Millers Run region and the mines at Finleyville and Venetia on the Baltimore and Ohio railroad. Camp Victory now contains 500 determined men. The campers are not at all discouraged and when approached on the subject say the siege has just begun.

Ohio Miners Return to Work.

ALLIANCE, O., July 31.—The 100 miners employed in the three mines at Bergholz, the southern terminus of the Lake Erie, Alliance and Southern railway, have returned to work. They went out at the commencement of the strike. Thursday the operators offered them 75 cents a ton for mining, an advance of 20 cents over the old rate. They accepted the offer at once and returned to work.

Illinois Miners Destitute.

DANVILLE, Ill., July 31.—Miners in the Danville district are in destitute circumstances. Over 400 families are reported without means. Citizens and many of the operators are contributing liberally with provisions and money. There is no evidence that the strikers contemplate giving up.

Relief Coming in Slowly.

CHICAGO, July 31.—Provisions for the relief of the suffering miners of Illinois are coming in rather slowly. The relief headquarters have been open two days, but nothing beyond a few cash contributions from labor unions has been received.

INDICATIONS.—Generally fair weather; light to fresh westerly winds.

The Maryland Democratic State convention was participated in by few gold men. It was controlled by Senator Gorman, and attempted to straddle the coinage question. The Chicago platform was not referred to in the resolutions.—*Concurrent Journal.*

While the Chicago platform was not directly referred to, yet the ticket that stood on that platform and the magnificent fight made by the nominees of that convention were referred to in no uncertain terms, as witness the following:

The Democracy of Maryland, in common with the Democracy of the Union, believe now, as they always have believed, in honest money, the gold and silver money of the Constitution and the coinage of both metals without discrimination against either into standard dollars of final payment and redemption.

We note with satisfaction that the demand of more than six and one-half millions of Democratic voters expressed at the polls last November has compelled President McKinley and a Republican Congress to agree upon the European Powers, through the medium of a duly appointed commission, the necessity for an international conference to arrange the terms of a bimetallic system, under the operation of which both gold and silver shall be used and recognized as money of final redemption.

The sufferings of the masses, the honest toilers, the bone and sinew, the brain and courage and manhood of the land, have met with the sympathy of the Democracy, and the protest of our great party, so eloquently voiced in last year's elections, has forced the Republican party, despite its arrogance and recklessness, to recognize the needs of an aroused and patriotic people. And, while many Democrats have not approved all the expressions of their party in national convention, bimetallism will surely come. It may come through the instrumentalities set in motion by the present administration, though in truth inspired by the intrepid action of the Democratic voters. But it will come, and the prosperity and happiness that follow in its train will be due to the courage, the undaunted fidelity and the intelligent patriotism of the Democracy.

"The civil service order issued by the President yesterday, which declares that 'an removal shall be made from any position, subject to competitive examination, except upon just cause and upon written charges, and of which the accused shall have full notice and an opportunity to make defense,' is a long step ahead in the removal of the civil service from partisan control, and is not kindly received by thousands of faithful Republicans who have been hoping for their removal. The order will serve to check the dismissal of Democrats which has been expected," says a Washington dispatch to the Lexington Leader. The spoilsmen who have been sneering at the "snivel" service and who imagined that President McKinley would just throw down the bars and let 'em all in have received their quietus. Some of them have been smiling and telling how easy it would be to bounce the Democratic office holders, but President McKinley has made it harder than ever to get rid of them. Some of the hungry ones are now wearing very long faces.

THE FRANCHISE TAX.

Attorney General Taylor Holds That Railroad and Insurance Companies Must Pay It.

At the request of State Treasurer Long, Attorney General Taylor has rendered an opinion, in which he holds that the act of the Legislature of November, 1892, entitled "The Franchise Law," should apply to all railroads and insurance companies doing business in the State.

The law provides for a Board of Valuation, whose duty it shall be to have all railroads file a report and show the value of their bonds and stock, from which a franchise value is to be fixed. The Board of Valuation has assessed street car companies, gas companies, etc., and has not assessed the railroad companies. This has been the case for the years 1894, 1895, 1896 and 1897.

If the opinion of the Attorney General holds good it will result in the gain of over a million dollars yearly to the State. It is held that the L. and N., which is capitalized at \$55,000,000, will have to pay a yearly tax of \$1,000,000. The Illinois Central, the C., N. O. and T., the Southern and a large number of others will also pay up.

Every railroad man in Louisville who was asked in regard to the case said that the roads would band together and fight such a case through the Supreme Court.

The specific law as given in Section 4077, is as follows:

Every railroad company or corporation performing any public service, shall, in addition to the other taxes imposed on it by law, annually pay a tax on its franchise to the State, and a local tax thereon to the county, incorporated city, town and taxing district, where its franchise may exist.

In a talk with a Louisville lawyer, who has been interested in a number of the franchise tax suits, he said to the Post of that city:

"While I am opposed to the franchise tax, I can but see the justice of taxing all property as nearly alike as possible, and can see no reason why the city railroads should be made to pay and the steam railroads allowed to escape. The enforcement of this law means a great deal to the State. It needs the money, and if this tax is a just one, it may aid in replenishing Long's strong box."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Regular size 50c. and \$1.

SEVERAL FATALITIES.

A C. and O. Train Stalls in a Tunnel Near Allegheny and Two Conductors Meet Death.

HIXON, W. Va., July 30.—A freight train westbound on the Chesapeake and Ohio was stalled in Lewis tunnel, near Allegheny, shortly after dark last night and remained in the tunnel forty-seven minutes.

When the train pulled into Allegheny, Conductor E. G. Bray was missing. While the search for Bray was being made, one of the trainmen was overcome by the gas and he was taken aboard an engine to Allegheny for a physician.

When the engine returned to the tunnel Conductor Hamilton had been overcome by the gas also, and had fallen alongside the track. The engine struck his body and fearfully mangled it, and he will die.

Conductor Womack and brakeman Damewood were found unconscious, and were taken out of the tunnel. They are very sick, but will recover.

Conductor Bray was found an hour later alive, but he died ten minutes after being found.

A district meeting of the Knights of Pythias will be held at Castle Hall, this city, Friday, September 3rd.

There are nine lodges in this the tenth district of Kentucky, namely Limestone No. 36 (of this city), Augusta No. 62, Mt. Olivet No. 105, Maple No. 96 (of Flemingsburg), Vanceburg No. 80, Adams No. 79 (of Rush), Mizpah No. 37 (of Catlettsburg), Golden Rule No. 35 (of Ashland), and Washington No. 55, of Russell.

Limestone Lodge extends a cordial invitation to the others to attend the district meeting, and last night a committee consisting of Messrs. F. Dressel, H. Ficklin, J. C. Rains, J. W. Lee, John C. Lovel, J. L. Chamberlain and Jos. F. Thompson was appointed to take full charge of all the necessary arrangements.

Mr. Stanley Adams, Grand Chancellor of Kentucky, will be present. A large crowd is anticipated.

FIRE INSURANCE.—J. C. Everett.

For a full line of pure drugs call at Ray's Postoffice Drug Store.

New line of fancy veiling at Mrs. M. Archdeacon's, 206 Market street.

LADIES, don't fail to call on D. Hunt & Son if you are looking for bargains. See advertisement.

Does it ever pay to buy any cheap stuff in the jewelry line? You know it doesn't. Ballenger carries no "trashy" jewelry. His stock is the best to be had. Goods warranted.

Some "gemmen" walked away under the burden of three dozen fat chickens from the coops of the thrifty better-half of Mr. Andy Howard, of the county, some days since.

When you see Murphy, the jeweler's stock of "diamonds" and "gold watches," you will be convinced that he carries the "largest" stock. When you learn his prices you will be convinced that his prices are "lower." He never "misrepresents goods." All are "warranted."

REFERRING to the Republican judicial convention here this week and the nomination of W. G. Dearing for Circuit Judge, the Flemingsburg Times Democrat says: "Judge Thomas delivered the goods he contracted to deliver as the price of the support of Pugh last fall, but the people of this judicial district will not ratify the bargain and sale at the November election."

Mr. H. N. DEWITT, of Buffalo, N. Y., has been engaged as miller at the Magnolia Mills on East Third street. He comes highly recommended in every respect. Mr. Dewitt has had charge of one of the largest mills at Buffalo, a mill with a capacity of 500 barrels, but met with an accident some time ago that necessitated his accepting a place where he would have less work.

The union services of the city will be held in the First Presbyterian Church tomorrow night, and there will be services in this church both in the morning and evening at the usual hours for public worship. The public are cordially invited to attend. Sabbath school at 9:30. Mission school in the German Church at 2:30 p. m. Westminster Society of Christian Endeavor 6:45 p. m.

Miss ELIZABETH WOOD, Messrs. Morris Marshall, Gilbert and Frank Wilkes and Miss Maurine Watkins entertained their little friends on Tuesday, July 27th, from 3 till 7 at the residence of Mr. James Marshall, Washington. There were about 100 present. The "tailless" donkey was a source of great amusement. The prizes were given to Miss Pluvia Gill and Master Robert Allison. The Jack Horner pie was served in great style amid much laughter from the children. Ices and cakes were served at five. The time passed quickly and pleasantly to the entertained as well as the entertainers.

A Good Story

Will stand repeating. A story that tells people how to save money never gets old; it's always welcome. It will bear retelling time and again. Our Wash Goods sale is the good story we want to tell once more. We want the Maysville women to know its interest to them—its money-saving interest. Two months yet for hot weather frocks, and our big stock marked at the lowest notch. Have you seen the lot we've marked 10c? Dimities, Lawns, Percales. Have you investigated the lot marked 12½c. Linen, Royes, Lappets, Sateens. Have you been shown the lot marked 15 cents? French Dimities, Shadow Printed Lawns.

MUSLIN UNDERWEAR.

Skip the drudgery of home sewing. It entails not a penny of expense. Count the cotton and trimmings that make up the average undergarment we sell. You'd pay as much for the material as we ask for the garment. To-morrow we place on sale good muslin Corset Covers, felled seams, high neck, 9c. To give the fairest opportunity for the sharing of the lot we must limit the selling to not above three to a buyer.

SATURDAY NIGHT SPECIALS.

Hose Supporters, black, button catch, 5c. a pair. Nickel-plated Safety Pins 3c. a dozen. Linen Glazed Black Thread, large spool, 1c.

ENGLAND

Willing to Join in the Proposed Bi-metallic Conference.

New York, July 29.—A Washington dispatch to the Herald says: "Official information just received in Washington indicates that Great Britain will consent to join in an international monetary conference, to be held in this city next winter. This information is a complete confirmation of the cable dispatches from London published a few days ago, which stated that Great Britain's representatives had received the proposition of the United States envoys more favorably than had been expected."

The statements received here indicate that the mission of Special Envoys Stevenson, Paine and Wolcott will be so far successful as to insure the meeting of another international monetary conference.

CYCLE NEWS.

Maysville Wheelers Headed For Ruggles And Glen Springs—Events Transpiring in Local Circles.

Mr. James Hall has ordered a new Victor.

Miss Minnie Ricketts is riding an "El-dorado."

William Heiser is in line with his new Cleveland.

Mr. James Threlkeld is making use of his silent steed.

Messrs. Wesley Lee and Geo. Ort rode to Ruggles Thursday.

Everybody will be off for Ruggles or Glen Springs Sunday.

The boys will try it over again Sunday to meet and go to Ruggles.

J. T. Kackley & Co. trade in a "Blue Grass" for a "Cleveland."

Captain Jenkins says a ride to Lewisburg at night is sea breeze enough for him.

Rev. A. E. Zeigler ordered a gear case "Cleveland" from J. T. Kackley & Co. this week.

Ed. Geisel came in from Flemingsburg Monday. Ask Ed. the time and how his wheel run.

Miss Florence Wilson is another of the charming young ladies who has joined the cyclers.

"It's dead easy," says Jimmie, "to pull the Washington hill." O yes—all the riders know it.

The Frank Owens Hardware Co. report the bicycle trade good. They made four sales this week.

Several of our riders report the road to Ruggles Camp Ground and Esculapia in No. 1 condition.

Who is that crack rider here in town that walks up the hills going and coming from Lewisburg?

Miss Sudie Hunter rides the "Victoria." Nothing too good for her, not even a \$100 wheel.

Mr. John Terry on his trip to Sharpsburg made a sale for J. T. Kackley & Co. to Mr. W. A. Peed.

John Scott and Millard Williams visited Esculapia Sunday last and report the road in fine condition.

Captain Martin still enjoys his wheels in no small way. The Captain has three wheels and a tandem.

Some of our riders have an eye on the large sprocket "Blue Grass." Harry Owens says she beats them all.

Mr. Frank Ryder and Will Tolle rode to camp meeting on their wheels. Frank says it is easy riding and will go to the springs the next trip.

Miss Sallie Riley has purchased a Victoria, with 20th century lamp, new-departure bell, and a standard cyclometer, value of which is \$100.

One thing which wheelmen should remember,—always turn to the right in passing; in overtaking a wheelman or

vehicle always pull to the left. This is strictly according to all rules of the road.

If the present City Council, after our recent hard rains, had taken a trip over our street we believe their hearts would have jolted within them.

Some of the riders want to know where Ed. Stoker is. Ed. was one of our best '96 riders, and when you find him you will find out he has not forgot how to push the bike.

Mr. J. W. Chambers, our general telephone manager, wheeled all the way from Winchester Thursday and his wearied countenance gave evidence of not only bodily fatigue, but mental longing.

Last Chance, It May Be.

To close up the business of the Maysville Carriage Company immediately, we have fully determined to dispose of the remaining fifty vehicles the next thirty days at a price which will necessarily compel the last one to go. Therefore, persons desiring the greatest bargains ever before offered or obtained, are cordially invited to call and thus take advantage of an opportunity never again to be tendered. MAYSVILLE CARRIAGE CO., Edward Myall, Manager.

At the recent term of the Fayette Circuit Court thirty-one persons were sentenced to the penitentiary.

At the Church of the Nativity to-morrow, services will be: Litany, sermon and holy communion at 10:30 a. m.

PREACHING at the First Baptist Church Sunday morning at 10:30 o'clock. No service at night. All cordially invited.

I AM now selling Perfection flour made from new wheat. It never was better and has no equal. R. B. LOVELL.

THE Chamberlin and Hygeia Hotels the most noted of any along the Atlantic Coast offer reduced rate of \$2.50 per day to holders of tickets via the C. and O. popular priced excursion of August 11th.

VANCEBURG SUN: "A Harvey Parker is slightly improved in his recent helpless state, now being able to sit out in the front yard of his residence. His speech is no better. It is three years since he spoke his last word."

THE spotted horse belonging to Mr. Charles Weedon, that was overcome by the heat on July 3d and has been under treatment of Dr. James, at Wells & Anderson's stable, was hauled to Mr. Weedon's farm at the "Half-way House" on the Fleming pike last night.

EXPORT WHEAT TRADE.

Unprecedented Demand Abroad For American Grain—Forty Steamers Chartered One Day.

PHILADELPHIA, June 30.—The Record to-day has the following: Forty steamers were yesterday chartered to load cargoes of grain in Philadelphia, New York, Baltimore and Newport News for ports in the United Kingdom and Europe, making a day's record which, it is claimed, has never been equaled.

To fill these vessels will require over 4,000,000 bushels of grain. During the past two weeks fixtures for steam tonnage to carry over 20,000,000 bushels of cereals abroad have been effected.

We Must Make Room.

In anticipation of a big Fall trade and realizing that goods pertaining to our lines will advance (a great many have already) we bought early and largely. We are already beginning to receive shipments; moreover,

IT WILL NOT BE LONG BEFORE OUR GREAT LINE OF MEN'S SHOES WILL COME IN

so you see we must make room. Now if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our fancy Cheviot Suits in checks, plaids and stripes—Suits that we sold at \$18, \$16.50 and \$15—go in this sale. No house in the State ever did or ever will offer a line of Suits like these for the price,

\$10

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT ON APPROVAL AND NO SUIT WILL BE CHARGED—ONLY CASH WILL BUY THE GOODS DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.

Not Billy McKee.

Times-Star: "Judge Bennett and Jailer Bitzer of Newport returned Thursday evening from Maysville without their man, Billy McKee. Billy, as previously stated, escaped from the Newport jail with several others when Jackson and Walling were confined there and has since been a fugitive from justice. Jailer Bitzer offered a handsome reward for his capture and the Maysville authorities telegraphed that they had McKee and when the Newport officials arrived they had to go to a stone quarry where the prisoners were at work. A youth of eighteen was pointed out by the guard as the man the Newport officials wanted. 'Why, that fellow no more resembles McKee than does a six-year-old kid,' said Bitzer, and the Newport officials left disgusted."

Proud of His Cleveland Wheel.

HUNTINGTON, W. VA., July 29, '07.

Mr. J. T. Ruckel—Dear Bro: Enclosed find check for Cleveland wheel received to-day. Many thanks for your generosity. Did you ever see a newly married man so proud of his bride? I believe I am about as proud of this Cleveland. I went down the street on it, and I counted fifty people standing around it where I stopped to go in a drug store. How smoothly it runs? Next thing you will hear of me breaking the record. In September I am coming into the campgrounds of L. A. W.'s, and am going to spin down often. Thanking you with all my heart until better appreciation shall be rendered, I am yours, on "Cleveland"

...and about which tender recollections cluster as that of "Mother." Yet there are months when the life of the Expectant Mother is filled with pain, dread and suffering, and she looks forward to the final hour with fear and trembling.

"Mother's Friend"

prepares the system for the change taking place, assists Nature to make child-birth easy and leaves her in a condition more favorable to speedy recovery. It greatly diminishes the danger to life of both mother and child.

"My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to anyone expecting to become a mother, says a customer." HENDERSON DALE, Carmi, Ill.

PASSENGER TRAIN WRECKED.

Engineer, Fireman and Two Tramps Instantly Killed.

THORNTOWN, Ind., July 31.—The fast eastbound Cleveland, Cincinnati, Chicago and St. Louis train due here at 2:15 a. m., was wrecked here yesterday morning. The cause of the wreck was a coupling pin in some way being wedged in and opening the switch, whether it was driven in there purposely or dropped in such a position when the northbound train in running over it spread the switch, is not known. The engine tender, two mail cars and baggage car were thrown from the track and piled up in the street and in an adjoining yard.

Engineer Seth Winslow of Greensburg, Ind., and Fireman Richard Crickmore of Indianapolis were instantly killed. Henry Priebe, a tramp of Cleveland, O., who was riding on the front end, was injured internally, and it is believed can not live. Charles Ryan, a tramp, also of Cleveland, was slightly injured.

The passenger coaches and sleepers did not leave the track, and excepting a good shake-up the passengers escaped unhurt.

The wreck crews from both Indianapolis and Lafayette arrived about daylight and soon had the wreck cleared away.

The remains of Engineer Winslow were removed to his home at Greensburg. He leaves a widow and two children. The body of Fireman Crickmore was taken to his home in Indianapolis.

White Cappers Seeking Revenge.

ANDERSON, Ind., July 31.—While men were thrashing wheat in the vicinity of Scatterfield a large harrow tooth, concealed in a sheaf, was fed to the machine, and instantly flying fragments of machinery were hurled in every direction. The cylinder was wrecked and the cone was hopelessly broken. The machine is owned by men who assisted in prosecuting the White Capping gang in that neighborhood two or three years ago, and the wrecking of the machine is attributed to revenge.

Thrown From a Train and Killed.

WASHINGTON, Ind., July 31.—Harry Lister, a well known young man of Bedford, was thrown from the top of a box car under the wheels and instantly killed a mile west of this city, on the Baltimore and Ohio Southwestern railway. The murdered man is a son of a Monon supply agent, and being out of money, was beating his way home. A hobo, named Williams, is here under arrest, accused by another hobo of knocking Lister off the train.

Crippled by a Peculiar Accident.

CROWN POINT, Ind., July 31.—Calvin Nichols of Lowell met with a peculiar accident yesterday which will cripple him for life. He was engaged in trimming a hedge with a corn knife; his older brother was similarly engaged on the opposite side of the road, when his knife slipped, and, flying across the road, imbedded itself in the younger man's shoulder, severing cords which will cause his arm to be permanently contracted.

Indiana's First Crop of Bananas.

JEFFERSONVILLE, Ind., July 31.—The gardens at the government station in this city have added another product to those of Indiana. It is a fine crop of bananas, raised this year on stalks kept in the gardens. The fruit is as well developed as any from the south, and tastes much better than the green-picked and shipped article. These are probably the first bananas ever ripened in this state.

TACOMA, Wash., July 31.—The body of Professor McClure of the Oregon State university was found yesterday at the foot of a 300-foot cliff, over which he had fallen several days ago. He had been making meteorological observations.

Wonders of Yellowstone Park.

YELLOWSTONE PARK, July 22, 1907.

Mr. Editor: Thursday, 7:30 a. m.; upper geyser basin, temperature 42 degrees; a word before we leave here. This basin is four miles square and contains some 400 active geysers. They look and sound like a thousand factories hard at work. We're camped within 100 yards of "Old Faithful," the most noted. He responds every 65 to 75 minutes. Others here play higher, but none so regular.

Yellowstone is sixty-five by eighty-five miles—the greatest thing in the world, and this is the way to see it all—spend ten days with the Lyeau Thresher Transportation. We're camped at three points and move on thirty miles to-day to Yellowstone Lake. We're having great sport in camp and grand scenery all the way. While the rest are breaking camp here, I'm sitting warming by little steam geyser, a few feet from "Old Faithful," watching him and his children play last time for us. Look! There goes "Old Faithful" up 150 feet, to the clouds it seems, and a number others responding to him, but I cannot describe this panorama; it is for the eye and not the ear. Good bye, "Old Faithful."

Regards to Kentucky friends, "Very truly,"
KY. PARTY.

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most of woman's weakness and particularly the weakness that most strongly influences the health of children, comes from derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pain of childbirth and insures the health of both mother and child.

Asheville and Return \$8, Saturday, Aug. 7.

The Southern Railway has decided to offer every one an opportunity to visit Asheville, in the "Land of the Sky," the beautiful and picturesque mountain region of Western North Carolina. On Saturday, August 7th, round trip excursion tickets will be sold from Louisville for \$8, tickets good returning ten days. This is the lowest rate ever made to Asheville, which is the world renowned "all the year round" resort for health and pleasure. If you desire to visit the most beautiful mountain region of America, including a daylight ride along the famous French Broad river, Asheville, with its beautiful hotels and handsome residences and the many points of interest in that picturesque region, do not fail to join this excursion. Every arrangement will be first-class, including through parlor day coaches, Pullman palace sleeping cars and fast schedules. For books on the trip to the "Land of the Sky" and other information, call on or address city ticket office Southern railway, 216 Fourth avenue, Louisville, Ky. Wm. H. Taylor, Assistant Gen. Pass. Agent.

Grand Seashore Excursion to Old Point Comfort.

The most attractive of all excursions announced by the C. and O. route for regular trains leaving Wednesday, August 11th, is to Old Point Comfort and return. The scenery of the Chesapeake and Ohio is noted for its variety and beauty. The route is replete with points of historic interest and excursion tickets will be good for stop over at Hot Springs, Va., White Sulphur Springs, W. Va., Richmond, Va., and numerous mountain resorts. Twelve dollars round trip from Maysville. Tickets good fifteen days.

Philadelphia and Return \$15.50.

On account of the national meeting of the League of American Wheelmen at Philadelphia, August 4th to 7th, the C. and O. will sell round trip tickets, Maysville to Philadelphia, at one fare \$15.50. Tickets on sale August 2nd, 3rd and 4th. Limit of tickets August 9th.
